

Renal Nutrition, Nursing and Allied Health Professionals Symposium

A joint symposium of ISN Renal Health Professionals Working Group (ISN RHP WG) and International Society of Renal Nutrition and Metabolism (ISRNM)

PRE-CONGRESS SYMPOSIUM April 12, 2019
MELBOURNE, AUSTRALIA

This one-day symposium provides a unique opportunity for clinicians, nurses, dieticians, other allied health professionals, epidemiologists, and scientists to interact and exchange information about various aspects in managing patients with kidney disease. The speakers are all internationally leading nurses, nephrologists, gerontologists, dieticians, exercise professionals, palliative care experts, and scientists.

The symposium specifically deals with exercise in kidney disease, nutritional challenges such as low protein diets, eating on dialysis, changing nutritional behavior through telehealth, and managing the obese but protein-energy wasted kidney patients.

A specific nursing session addresses challenges such as intradialytic hypotension, increasing home therapies, renal supportive care, and global nephrology nursing.

April 12, 2019 // Start: 08:30 // End: 16:00 // Educational hours: 6
